DETAILED ACTION

Election/Restrictions

1. Newly submitted claim 15-18 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the newly claimed system omits the electric traction motor and the interaction of the motor with the engine that allow to extend the vehicle operating range while maintaining acceptable engine temperature.

The recitation of the hybrid car and the electric traction motor has not been given patentable weight because the recitation occurs in the preamble. A preamble is generally not accorded any patentable weight where it merely recites the purpose of a process or the intended use of a structure, and where the body of the claim does not depend on the preamble for completeness but, instead, the process steps or structural limitations are able to stand alone. See *In re Hirao*, 535 F.2d 67, 190 USPQ 15 (CCPA 1976) and *Kropa v. Robie*, 187 F.2d 150, 152, 88 USPQ 478, 481 (CCPA 1951).

Moreover, the invention as disclosed does not require operation of the electrical motor to achieve the required results and as such should be directed to internal combustion engine control for a vehicle that is classified in class 123.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 15-18 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. The amendment filed on October 1, 2002 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP

Art Unit: 2834

§ 821.03). The remaining claims are not readable on the elected invention because of the reasons indicated above.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
